

MISCELLANEOUS BLOCKS

Check which items are running.	Programmes/blocks or interferences?	Check other energy running/blocked. Charts 5/6 Transmute/replace/reboot.
ANGELIC CHAKRAS	Increase Angelic/human communication. Made available in early August 2015 to Lightworkers of Angelic lineage/those working with Angels. They are spiritual energy centres which do not affect the physical body, as do the two layers of endocrine-based chakras.	
CELLULAR DEBRIS	Spiritual blocks may have cleared but have you cleared away the actual debris? In Reiki it is called "Byosen", in macular degeneration of the retina it is called "Drusen". Any deep tissue debris technique could be an additional help to the physical self.	
DAMAGE TO AURIC FIELDS	A spiritual block - past life based - which came on-line since our reconnection with the Galaxy.	
SOUL CONFUSION	Similar to Volunteer Exhaustion.	
SPIRITUAL GROWTH/ DIMENSIONAL BLOCKS	We have been experiencing a tsunami of new and higher frequencies which need some housework to ensure you are operating from the new energy bases and not from the old - causing friction. Check for spiritual blocks. Check the dimensional frequency you are now in and that which you should be in. Clear/upgrade as appropriate.	
VOLUNTEER EXHAUSTION	When Alpha and Omega, Father & Mother Gods of the Universe created this Universe, many souls from other universes volunteered to be part of the process. Not all went as it should - with unexpected & unhelpful consequences.
